On the last Wednesday of every March, individuals, organizations, and companies across the country celebrate a Whole Day for Whole Grain (WDWG). Together we can amplify each other’s messages on social media. Make sure to use #SampleWholeGrains.

Oldways will be posting content and engaging with your Whole Day for Whole Grain social media posts all day on Facebook, Instagram, YouTube, Twitter, and LinkedIn.

**Video Challenge: Show Us Your Whole Grains #SampleWholeGrains**

Film a 30-second video with your phone as you sample a whole grain. For best results, hold the phone horizontally while recording your video.

- **Show us:** the whole grain you are sampling, and the Whole Grain Stamp on the package that helped you know the amount of whole grain in the food.
- **Tell us:** what whole grain you are trying, how to prepare it, what it tastes like, or what you like about it.

Feeling too shy or rushed to post a video? Share a photo instead! Upload to Instagram. Tag @wholegrains_council in the caption.

**Go Live on Facebook or Instagram**

Facebook Live videos get 3 times the engagement of recorded videos (source: HubSpot). Instagram Live videos bump your content to the top of users’ feeds, and automatically notifies your followers when your live video begins. In short: Live videos help you get noticed on social media! Sample ideas to get you started:

**Interview an Expert**

Ask an expert a question, and capture their answer on video. Sample questions:

- **For a baker:** What is your favorite whole grain to use in baking?
- **For a dietitian:** What makes whole grains an important part of a healthy diet?
- **For a chef:** What is an easy way to add whole grains to a meal?
**Make a Recipe**
Create a recipe video that uses whole grains. It can be simple like how to make the perfect oatmeal or more challenging like baking whole grain bread. When you go live, tag us so we can cheer you on!

**Give an Assignment on Facebook, Twitter, and/or Instagram**
Get your followers sampling whole grains by giving them a task to complete. We recommend sharing teaser posts throughout March so that they purchase their whole grains in time for WDWG. *Sample ideas:*

- Offer a coupon for a product and show them a specific way to use the product.
- Invite them to make a quick video about their favorite whole grain product, recipe, or a whole grain they want to try.
- Film yourself doing a taste test of a whole grain food. Describe the taste, texture, and what you like about it. Ask your followers to gather the members of their household to make a video of their taste test!

**Share a “How-to” Video on Facebook, Instagram, or YouTube**
Upload simple, short videos (10-60 seconds) with whole grain tips. *Sample topics:*

- How to swap brown rice for white rice
- How to use [name of whole grain]
- How to store whole grains
- How to identify a whole grain product at the grocery store

**Sponsor a Webinar**
Sponsor a live webinar as part of Oldways' popular [CPEU webinar series](https://www.oldwayspt.org/cpeu/webinars). Your replay will be hosted on Oldways' Youtube account and will receive a boost of attention when it is promoted on the big day! For more information about sponsored webinars, contact [Kelly@OldwaysPT.org](mailto:Kelly@OldwaysPT.org).
